# BOARDMAKER PLUS PLAYER

## Now students can use the on-screen lessons you create without the full version of Boardmaker Plus!

By purchasing a copy of Boardmaker Plus Player for each of the computers in your classroom or media center, you allow every student to use the activities you create. Parents can purchase Boardmaker Plus Player and teacher-created activities can go home so that parents can work with their children on their home computer.

- Allows more students to access the curriculum
- Gives each student access to interactive activities adapted just for them
- Uses all of the access methods available with Boardmaker Plus! including scanning, joysticks, head-trackers and more
- Adapt on-screen activities to meet each student's needs using Boardmaker Plus! or Boardmaker with Speaking Dynamically Pro
