Turn Struggle

**Text to Speech**

Studies show speech enhanced word processors play a key role in the development of written literacy. All students, especially those with special needs, and ELL students benefit from auditory feedback.

Fusion offers your students easy, clear playback wherever they are and wherever they go. Simply press the speak key.

- Words are highlighted as read
- Fusion automatically reads spell-check, thesaurus and word prediction options. Your students hear the word before selecting!
- Easy volume and speed adjustment

**Large Graphic Display – Easy Font Size Adjustment**

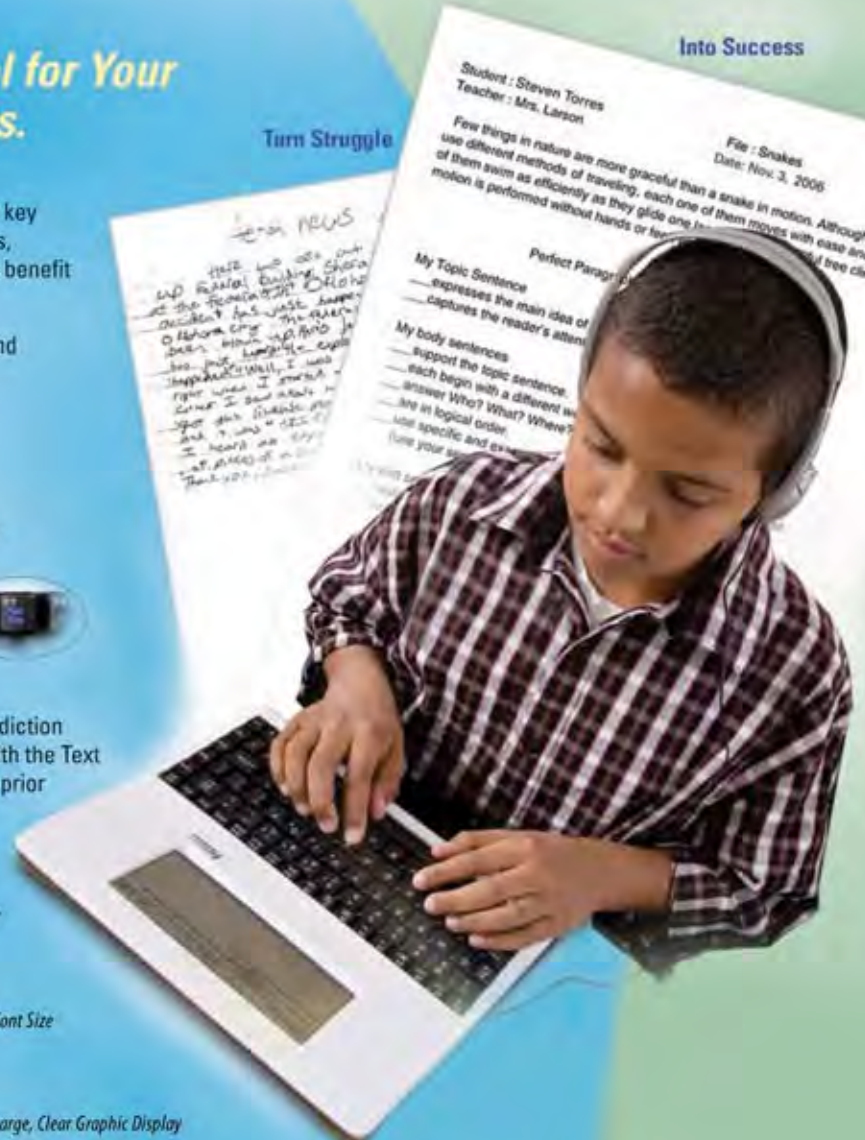

Fusion offers your students a large, clear, graphics capable screen and one-key, font size adjustment. Your students simply tap the "Font Size" key to adjust for their needs and preference (3, 4, 7 or 10 lines of text).

**Word Prediction**

Easy and accurate, students simply press the Word Prediction key to activate Fusion's powerful prediction library. With the Text to Speech option, your students can hear each option prior to selection.

**Organized, Focused Work Environment**

Students log in to access their password protected desktop. Named files and folders along with instructional applications are available for quick and easy access (see Fusion screen on opposite side).
